"A new way to live"

There are 7 days in a week
Someday isn't one of them
So live your life well
Be who you want to be
Do what you want to do
It's all up to you
If everyday is a new story,
What's yours today?

An aerial photograph of the Dubai skyline at sunset. The Burj Khalifa is the central focus, reaching high into the sky. To its left, the Burj Dubai is visible. In the foreground, there are several modern buildings, including one with a distinctive blue, curved facade. To the right, a large construction site is visible with several cranes and a building under construction. The sky is a mix of orange and blue, indicating the time is either dawn or dusk. The overall scene depicts a modern, rapidly developing city.

WHY DUBAI?
